Enquist Asks Further Time.
MANILA, June 7.—At 11 o'clock this morning President Roosevelt's order was delivered to Rear Admiral Enquist, directing him to sail within twenty-four hours after noon of June 7 or intern. Loss of Appetite.
A person that has lost appetite has lost something besides—vitality, vigor, tone.
The way to recover appetite and all that goes with it is to take Hood's Sarsaparilla—that strengthens the stomach, purifies the digestion and makes eating a pleasure.
Thousands take it for spring loss of appetite and everybody says there's nothing else so good as Hood's.

MILITARY CHANGES.
Occasioned by Voluntary Retirement of Gen. George L. Gillespie.

WASHINGTON, June 6.—Orders were issued at the War department today relating to the retirement of Maj.-Gen. George L. Gillespie from the command of the Northern military division, with headquarters at St. Louis, and directing him to proceed to Washington. Brig.-Gen. Theodore J. Wright, commanding the department of the Missouri, with headquarters at Omaha, in addition to his present duties, has been assigned to the command of the Northern division until permanent assignment is made.
These orders were issued in anticipation of the retirement of Maj.-Gen. George L. Gillespie, Assistant Chief of Staff, on the 15th inst., on his own application, after nearly forty-eight years of active service. Gen. Gillespie was promoted to the rank of Major-General in 1898, and has since that time held the position of Assistant Chief of Staff on the staff of the Secretary of War. He was born in 1827, and has served in the Mexican, Spanish-American and Philippine wars. He was promoted to the rank of Major-General in 1898, and has since that time held the position of Assistant Chief of Staff on the staff of the Secretary of War. He was born in 1827, and has served in the Mexican, Spanish-American and Philippine wars.

GOOD WEEK FOR CROPS.
Especially Favorable Conditions in Rocky Mountain Region.

WASHINGTON, June 6.—The weekly crop bulletin issued by the weather bureau, says:
"The week ending June 5 was the most favorable of the season in the Rocky mountain region. Oklahoma has suffered from excessive moisture. On the Pacific coast, the conditions are generally favorable, although portions of California and Oregon experienced temperatures too low.
Winter wheat harvest is beginning in Oklahoma and Southern Kansas. Harvest has also begun in California, where wheat is maturing rapidly. On the north Pacific coast, winter wheat is in promising condition, having experienced decided improvement in Washington.
"Under decidedly better temperature conditions in the spring wheat region spring wheat has made good progress, and is standing well. In Washington spring wheat is in splendid condition, and has made rapid growth, and while the outlook in Oregon is favorable, low temperatures have been detrimental. Oats are heading as far north as Kansas.
